september 1947

5. A reliment equipped with about 25 flipters of loviet make errived at the exhibit in September 1947. The alrerest had rellow propelier habs. A square with four white and red sections was pointed on each wing, the fuselage and the rudder assembly. And regiment numbered 500 to 600 men; their training was supervised by two loviet captulas and two poviet first lieutenants. Soviet Jol HADYWOVICH occasionally arrived at the circled to inspect the filight training of the relisa unit. A plate with the inscription "Pulk let" was attoched to the barracks
